Former professional esports athlete and captain of international teams, with strong skills in teamwork, communication, and problem-solving. I have completed CS50x, CS50P, and Full-Stack Engineer (Codecademy) courses, and I'm actively working on my own projects. I'm seeking a junior position where I can grow and contribute to building meaningful and engaging software.

Work Experience

Professional esports athlete (Freelance)
May 2021 - December 2025
- Leadership and coordination of international teams (5 members)
- Strategic planning, performance analysis, and data-driven work
- Decision-making under pressure and quick problem-solving
- Effective communication in English
